CATALOG ALLIED ARTS EXHIBITION OF DALLAS COUNTY

Presented by

The Dallas Art Association

April 14th to 28th, 1928 Fair Park Gallery

FOREWORD

JHE DALLAS ART ASSOCIATION, in presenting its first Allied Arts Exhibition of Dallas County, was inspired by the thought of bringing to the attention of the people of Dallas the artistic objects created within their midst. How well it has succeeded, the Exhibition itself will prove, but it is safe to forecast that the splendid co-operation that has been evidenced by those who are interested in promoting the artistic and cultural development of our City, not only among the artists and artisans themselves, but among the laity, as well, will of itself produce a result thoroughly worth while.

The Dallas Art Association feels that it can perform no greater service to the community than that of bringing together those who create the beautiful things of life and those who admire and would acquire them.

It is hoped that this first exhibition is but the beginning of what may be justified as an annual event, and that the patronage may be liberal, in order that the creative genius of our very own may be inspired to higher and greater things.
